vetting@gatewaypets.org

618-687-8007, ext. 1 or text 618-479-4045

Contents + Instructions

- Benadryl | 20 tablets
- Cotton balls | 30 count
- Phyto KET Cleaner 4 ounce bottle

Benadryl | Give as instructed on dosing chart inside bag labelled "Benadryl." These tablets help with itchiness or allergies which can make your pet sleepy. Some pets will not get relief and may require additional medication(s) from your veterinarian.

Phyto KET Cleaner | Clean your pet's ears twice a week when symptomatic or once a month as a prevention treatment. Fill ear canal with cleaner and massage the base of your pet's ear. Allow your pet to shake its head and wipe all visible debris with cotton balls provided. Do not use Q-tips/cotton swabs as these can cause trauma to the ear canal.

Every pet tolerates medications differently. Discontinue if you notice any adverse symptoms. Contact your veterinarian if your pet's symptoms persist or worsen.

Contents + Instructions

- Benadryl | 40 tablets
- Fish Oil | 14 tablets
- Pramosoothe +PS Shampoo 8 ounce bottle

Benadryl | Give as instructed on dosing chart inside bag labelled "Benadryl." These tablets help with itchiness or allergies which can make your pet sleepy. Some pets will not get relief and may require additional medication(s) from your veterinarian.

Fish Oil | Give as instructed on packet inside bag labelled "fish oil." These supplements help promote a healthy coat.

Pramosoothe +PS Shampoo | Use once a week to help with itchiness or once a month as part of a pet's regular bathing routine. Apply product generously to wet coat and massage into a lather, avoiding contact with eyes. Allow product to sit for 5 to 10 minutes before rinsing thoroughly. Repeat if needed. Towel dry to prevent your pet from getting cold.

Every pet tolerates medications differently. Discontinue if you notice any adverse symptoms. Contact your veterinarian if your pet's symptoms persist or worsen.

Upset Tummy Kit
—— 10 - 30 lbs. ——

GATEWAY PET
GUARDIANS

Contact

vetting@gatewaypets.org

618-687-8007, ext. 1 or text 618-479-4045

Contents + Instructions

- EN food | 2 cans
- Fortiflora K9 | 7 packets
- Safe-Guard Canine Dewormer | 2 boxes
10 lbs. and under - One orange packet
11-22 lbs. - One blue packet
23-30 lbs. - One orange packet and one blue packet

EN canned food | Give food for 24-48 hours and slowly resume to regular diet. This food is formulated with limited ingredients to ease your pet's stomach.

Fortiflora K9 | Add one packet once daily in the morning to your pet's food for seven days. This is a probiotic known to strengthen the immune system and promote healthy intestinal function.

Safe-Guard Canine Dewormer | Add based on weight range (see above) once daily in the morning to your pet's food for three days.

Every pet tolerates medications differently. Discontinue if you notice any adverse symptoms. Contact your veterinarian if your pet's symptoms persist or worsen.

618-687-8007, ext. 1 or text 618-479-4045

Contents + Instructions

- Capstar | 1 tablet
- Effipro Topical Solution | 3 doses

Capstar | Give one dose to kill all adult fleas on your pet.

Effipro Topical Solution | Apply one dose of topical solution on the same day as Capstar to kill all adult fleas on your pet. For best results, place applicator lip directly against exposed skin and deposit entire contents by squeezing the applicator at a single site on skin. Recommend parting hair between shoulder blades until skin is visible.

Every pet tolerates medications differently. Discontinue if you notice any adverse symptoms. Contact your veterinarian if your pet's symptoms persist or worsen.

This kit is intended to help pets in discomfort for minor medical issues that may or may not require a veterinarian visit. However, this kit does not replace an office visit. If your pet's symptoms persist or worsen, please discontinue products and contact your veterinarian immediately. By purchasing this kit, you understand that we always recommend an office visit to discuss and diagnose your pet's medical needs. You agree not to hold our staff, volunteers and benefactors legally liable in the event the items provided are ineffective at treating or worsening your pet's condition.

Below is a \$10 off coupon to use at our veterinary clinic. To make an appointment, scan the QR code or visit gatewaypets.org/resources/clinic to request an appointment online. Our clinic is open on Tuesdays and Thursdays from 2 - 6 pm by appointment only. Due to the high volume of requests, please anticipate a 2 to 3 week waiting time for an appointment.

\$10 off minor medical appointment

Valid for service area residents only - East St. Louis, Cahokia,
Washington Park, Alorton, Centreville and Fairmont City.

Please present card at time of service.

725 N 15th Street | East St. Louis, IL 62205 | 618-687-8007, ext 1 | vetting@gatwaypets.org
