

Paper Collar - Is this cat owned?

1. Print out this paper collar template. Use bright neon paper if possible to make it more visible.
2. Fill out any contact info you wish to share.
3. Attach a small piece of tape to each corner so you are ready when the cat is within reach. **Don't cover the entire collar with tape.** For the cat's safety, it needs to be easily torn off if it gets caught on something.
4. Place around the cat's neck leaving plenty of slack. (You should be able to place 2 fingers beneath it.)
5. You may need to make a new collar if the first one comes off. If the cat returns and you haven't received any calls, attach a new one.

What to do if there is no response:

- If possible, trap or place the cat in a carrier and have it scanned for a microchip. Most veterinarian offices and shelters will do this free. If you don't have a carrier, use a pillow case for safe transport.
- Ask your neighbors if they know anything about the cat. Post Cat Found signs around your neighborhood.
- Check and post on Craigslist.com, Nextdoor.com, Helpinglostpets.com and your local Facebook page or group.
- Post photos of the cat at your local shelters and veterinary clinics.

This cat has been visiting us lately. I am worried he/she may be a stray or lost cat but want to make sure before trying to help. If this is your cat, please write your phone number or contact info below or call me :
