

## Foster-to-Adopt Agreement

Live Love Animal Rescue's foster-to-adopt agreement is set for specific dogs that have medical and/or behavioral needs that require an extended time to address and where a family has expressed an interest in adopting the dog at the appropriate time. This agreement outlines this relationship where the interested family functions as a foster family until the medical and behavior needs are met for the dog and at the appropriate time, as determined by the Live Love Board, will be adopted by their foster family. The foster term adheres to the standard Live Love foster agreement including terms relating to medical, expenses and integrations with family members and pets. As noted below, adoption by the foster family will not be finalized until the Adoption Contract is signed and adoption fee paid.
