

LOOKING FOR RESEARCH PARTICIPANTS

We are collecting information **via an online survey** on animal care organization challenges and pet-owner struggles during the COVID-19 pandemic.

The goal of this survey is to better understand the circumstances surrounding these events via the perspectives of **animal care workers**, to effectively support them, organization operations, and their efforts in protecting the well-being of pets and their owners.

We encourage you to participate if you are a **volunteer** or **employee** of an **animal shelter**, **animal rescue**, or **animal control** organization.

To participate in this study, please copy and paste this link (www.tinyurl.com/2kw7s6ut) into your web browser. This survey should take 15 to 20 minutes to complete.

Survey deadline is **March 1st, 2022, 11:59PM**

Please feel free to widely distribute this flyer to other co-workers and colleagues you feel would also provide a valuable perspective.

If you would like more information on participation in this study, we are happy to answer your questions.

Please contact us at **cowelf@jhu.edu**
